"Specialists in Perimeter Security"

**Prima Single Bar**

**Prima Single Bar** weldmesh has a single horizontal and vertical 5mm wire with 3No. V-shape strengthening beams for rigidity. This is the most economical panel and is widely used where there is a low security risk such as business parks and retail premises where a demarcation fence is the priority.

Panel heights: From 1.8m to 3m high

Posts: RHS generally 60x40mm set at 2.5m centres

Fixings M8 anti tamper galvanised security bolts with a threaded inserts into posts.

Posts Finish: Hot dip galvanised to BS EN 1461 and polyester powder coated to any RAL or BS colour..

Panels: galvfan or galvanised and polyester powder coated to any RAL or BS colour.
